Connect to an USB charger (sold
separately) to charge battery.

Limited Product Warranty

A. Coverage of Limited Warranty

This Limited Warranty confers upon you specific rights and remedies. The law of the country of your residence may give you different and more expansive rights and remedies, and the provisions of this Limited Warranty shall not operate to impair or abridge any rights or remedies you may have under such local laws. Subject to the Limitations and Exclusions described herein, LEOTEC extends the limited warranties set out below. As used in this document, "LEOTEC" refers to the LEOTEC company and/or Authorized Distributors in the country within the Territorial Scope of this Limited Warranty where your LEOTEC product was first sold to an end-user.

1) Product Warranty

LEOTEC warrants any LEOTEC product ("Product") first sold to an end-user in a country of the European Economic Area (the "Territorial Scope"), to be free from defects in materials or workmanship under normal use for one year. The warranty period commences on the date of purchase. Your original purchase invoice (sales receipt), showing the date of purchase of the Product, is your proof of the date of purchase. This Limited Warranty extends beyond the original purchaser to any lawful successor in interest, provided, however, that anyone claiming under this warranty must, upon request, produce the original purchase invoice to be entitled to warranty services. LEOTEC will, at its option, repair or replace any defective Products or parts thereof covered by this Limited Warranty with new or factory-refurbished parts or Products that are equal to new products in performance. All exchanged parts and Products replaced under this Limited Warranty will become the property of LEOTEC.

2) Accessories Warranty

LEOTEC extends a warranty of six months for the accessories included with the Product (chargers, earphones, etc.).

3) Media & Software Limited Warranty

Regarding LEOTEC-supplied software accompanying the Product, LEOTEC warrants the "hard copy" media, e.g. diskettes, CD-ROMs upon which this software is delivered to be free from defects in materials and workmanship for a period of six months after the date of purchase by the end user. In the event that you receive defective

media, LEOTEC will replace the defective media at no charge to you.

Except for this media warranty, any software is provided "As Is". LEOTEC does not warrant that the operation of this software will be uninterrupted or error-free, or that this software will meet your requirements.

B. Warranty Limitations and Exclusions

The limited warranties with respect to Product, Accessories, Media & Software, (collectively, "Product" or "Products") are subject to the following exclusions and limitations:

1) Exclusions

This Limited Warranty does not extend to:

1.1 any Product not manufactured by or for LEOTEC, or first sold to an end-user in a country outside the Territorial Scope of this Limited Warranty.

1.2 any Product that has been damaged or rendered defective (a) as a result of use of the Product other than for its normal intended use, failure to use the Product in accordance with the User Manual and Guides that accompanies the Product, or other misuse, abuse, or negligence to the Product; (b) by the use of parts not manufactured or sold by LEOTEC; (c) by modification of the Product; (d) as a result of service by anyone other than LEOTEC or a LEOTEC Authorized Service Provider; (e) by improper transportation or packing when returning the Product to LEOTEC or a LEOTEC Authorized Service Provider; or (f) by improper installation of third-party products (e.g., memory cards).

1.3 loss of any, or damage to, programs, data, or removable storage media. You are responsible for saving (backing up) any programs, data or removable storage media. Please note that LEOTEC may opt to replace the Product submitted for warranty services with a remanufactured Product of equal quality, and, thus, any data stored by you on your original Product may become permanently inaccessible to you.

1.4 consumable parts, i.e., parts that require periodic replacement during the normal course of the Products usage, including batteries without limitation.

1.5 minor defects of LCD displays occurring in Products equipped with LCD display technology, provided that there shall not be more than four (4) defective pixels on a given LCD display, and provided further that, if the display panel is divided into nine (9) equal rectangular areas, there shall be one defective pixel in the central area of the display.

2) Disclaimer of Warranty and Limitations

Except for the limited warranties set forth herein, LEOTEC disclaims all other warranties, expressed or implied or statutory, including but not limited to implied warranties of merchantability or fitness for a particular purpose. Any implied warranties that may be imposed by applicable law are limited to the terms of this Limited Warranty. In no event shall LEOTEC be liable for any incidental, special or consequential damages, including but not limited to loss of business, profits, data or use, whether in an action in contract or tort or based on a warranty, arising out of or in connection with the use or performance of the Product or any LEOTEC-supplied software that accompanies the Product, even if LEOTEC has been advised of the possibility of such damages. You agree that repair, and (upon availability) replacement, as applicable, under the warranty services described herein is

your sole and exclusive remedy with respect to any breach of the LEOTEC Limited Warranty set forth herein.

C. Obtaining Warranty Service

Subject to the provisions, exclusions and limitations set forth above, you are entitled to Carry-In or Fetch-Repair & Return warranty service with respect to your Product. The exercise of such rights is subject to the following terms and conditions:

1. Repair service is available for Product purchased and located within the Territorial Scope of this Limited Warranty. Claims under this Limited Warranty will be honored only if made within the warranty period.

2. Consult the phone numbers and other contact information, of the Authorized Service Providers and the LEOTEC Authorized Service Centers in your country at: www.leotec.com.

3. Please call the LEOTEC technical support number for the country you are located in. LEOTEC will attempt to resolve warranty issues over the telephone and may require your assistance in performing routine diagnostic procedures in connection with this call. Your cooperation will aid in avoiding "no defect found" service interventions and the resulting charges. If LEOTEC determines in the course of the telephone diagnostic procedure that the problem described by you can be remedied by replacing an external component (e.g., power adapter, earphones, etc.), LEOTEC will ship to you free of charge such replacement component to be installed by you. If telephone resolution is not possible, LEOTEC will then issue you a Return Material Authorization Number ("RMA Number") for Carry-In or Fetch-Repair & Return service to be used as a means of

identifying the Product to be repaired. All warranty repairs will be executed on a best endeavor basis.

4. Carry-In service is performed at LEOTEC Authorized Service Centers. If you chose this service option, the Product will be held for pick - up by you at the LEOTEC Authorized Service Centers after the repair service is completed.

5. For Fetch-Repair & Return service, you must return the Product to a LEOTEC Authorized Service Provider as identified by LEOTEC personnel at the time the RMA Number is issued. If you are opting for Fetch-Repair & Return service, you will also be informed by LEOTEC personnel on when the courier will collect your product in order to effect the return of your Product. LEOTEC will return the repaired Product at your cost. If you do not use the freight forwarding services made available to by LEOTEC, you will be liable for any resulting charges.

6. If available, you should use the original shipping and packing materials and include a description of the symptoms giving rise to your warranty claims. The RMA Number must be placed on the exterior shipping container. Make sure 'bare' electrical components are placed in the appropriate anti-static packaging. Failures to do so will void your warranty. If the original packing material is not available and you are not sure how to package an item for a safe shipping, please consult a shipping company. Product being returned in an envelope or with insufficient packaging will cause your warranty to be voided.

7. You must provide LEOTEC with proof of place and date of purchase. (i.e., you must include a copy of the original sales receipt shipped with the Product).

D. Charges

If you cause LEOTEC to start the repair of a Product otherwise covered under this Limited Warranty and, LEOTEC reasonably determines that the Product is not defective and that the problem giving rise to your service call was the result of your lacking ability to use the Product, the installation of incompatible software by a party other than LEOTEC, computer viruses, and the like, LEOTEC will charge you a flat fee of 25 € for any Fetch-Repair & Return or Carry-In service call.

For any technical consultation you can go to the place of purchase or contact the technical service of LEOTEC. There is more available information in the website: www.leotec.com or by means of the e-mail: support@leotec.com.
